## EB TECH:

Our school district is the first countywide vocational school district in the United States. We are also the first vocational school in New Jersey to receive the United States Department of Education Green Ribbon for our efforts to reduce environmental impact, promote a healthy school and educate all students of the benefits of sustainability. We are proud to offer a college and career ready program to prepare students to enter college or become skilled workers in today's competitive job market.

The East Brunswick Campus of Middlesex County Vocational and Technical Schools offers students the opportunity to pursue a goal of either post-secondary education or employment. Students find an educational program that combines academics with career majors.

Students who attend the East Brunswick campus also participate in interscholastic sports, organizations related to career areas and extracurricular activities found in the comprehensive high school. Community service activities and service projects complement the academic component.

## ADMISSION PROCEDURES

Students, with the approval of their parents or guardians, may submit an application to the East Brunswick Tech High School. Students with Individualized Education Plans (IEP's) can apply to the School of Career Development.

Once we receive your application you will receive a confirmation email.

### How to become an East Brunswick Tech Tiger:

Submit an application  
Attend an information session  
Interview with a guidance counselor

## FREQUENTLY ASKED QUESTIONS

### Q: How is EB TECH the same as my hometown High School?

**A:** EB Tech is a public high school where students earn a NJ State Endorsed High School Diploma which is the same as your home school.

### Q: How is EB TECH different from my hometown High School?

**A:** The difference is that our students also learn a college/ career ready skill or technical trade along with college prep academics instead of taking electives.

### Q: Who can apply?

**A:** EB Tech accepts applicants primarily from 8th grade students from sending districts throughout Middlesex County, NJ. Upper classmen may apply for admission up through grade 11.

### Q: Is there an entrance test?

**A:** No, there is not an entrance test. The Guidance Department reviews submitted historical state test data and middle school grades for each student application.

### Q: Do I get a high school diploma?

**A:** YES! All students graduate with a High School Diploma.

### Q: Can I go to college if I graduate from EB Tech?

**A:** YES! Over 75% of our graduates attend a 2 or 4 year college/ university!

### Q: Is transportation included?

**A:** Yes, all students in Middlesex County are bused to any of the 5 MCVTHS Campuses FREE OF CHARGE by their home district school's Transportation Department.

### Q: What is cycling?

**A:** EB TECH has cycles during the 1st marking period to help students decide which Career Major Path suits them best. Each cycle lasts approximately 9 days. And each student will try out 5 Career majors in this time period. (there are 5 cycles total). School of the Arts students are not included in the cycles.

### Q: What does the academic portion of school include?

**A:** EB Tech has all the classes that your home district has: English, Mathematics, Science, History, Foreign Language, and Phys ED

### Q: What are the school hours?

**A:** Start time is 8:50 AM  
Dismissal time is 3:30 PM

### Q: How many Career Majors are in the school?

**A:** There are 15 Career Majors at EB TECH and 8 Career Majors in the School of Career Development

### Q: Is there a work study program?

**A:** Our Cooperative Career and Technical Education Program provides seniors the opportunity to gain valuable work experience at local business and industry sites throughout the greater Middlesex County area.

### Q: Tell me about the Career Major teachers?

**A:** All Career Major Teachers are professionals who have hands on experience in the Major they teach.

### Q: Do students receive a Career Major Certification?

**A:** Yes. Many of these tests are comprised of two components: performance test and written competency test.

### Q: What is your typical graduating class size?

**A:** Around 190 students
