### **PARENT/GUARDIAN REQUEST FOR SCHOOL PHYSICAL**

Dear Parent/Guardian:

New Jersey State Law requires that all students must have a physical examination by their own family healthcare provider upon entry into the school district (all 9th graders and any new upperclassmen). Physicals are also required for participation in school sports (a sports physical meets the requirements for an entrance physical). If you do not have a family healthcare provider, the school doctor is able to perform this exam at school during normal school hours.

All required forms for entrance and/or sports physicals can be found on the school website.

Please check one of the following and return this form to the school nurse by the start of the school year.

- I have a family healthcare provider who will perform this exam at my own expense. The required school form will be completed by my family healthcare provider and returned to the school nurse with any and all physical findings, recommendations, and/or restrictions, within 30 days of the first day of school.
- My child will be getting a yearly physical on (date) \_\_\_\_\_.
- I do NOT have a family healthcare provider, and request that the school doctor provide the required physical examination at school during normal school hours.
